Division of Natural Heritage

110 James Road Spring Grove, IL 60081 (815) 675-2385 FAX (815) 675-2495

to: Linda Williams  
from: Brad Semel  
date: 12 August 1997  
subject: Wildlife Preservation Fund

---

Enclosed please find an invoice and 20 copies of the inventory report for the 1997 Wildlife Preservation Fund project, "Vascular Plant Inventory of Moraine Hills State Park." I trust everything is in order.

AUGUST 1, 1997

MORAINES HILLS STATE PARK

This inventory was prepared by Margo Milde for Moraine Hills State Park, including Kettle Moraine Nature Preserve.

All elements were personally observed by me in the year ending August 1, 1997.

The first line for each element includes the scientific (Latin) name, a common name, and family. Unless otherwise noted, all names are as listed in the 1994 edition of Plants of the Chicago Region by Floyd Swink and Dr. Gerould Wilhelm. Additionally, each taxon is given a wetland category, and a number representing the "coefficient of conservatism", as given in the current Swink/Wilhelm flora. Names are arranged alphabetically by scientific name.

The second line for each element contains my personal observation places/dates for Moraine Hills. I've noted my comments on habitats where each element is most likely to be found in the Park, as well as the frequency that I noticed each element in the park. Obviously, for the more common elements, I simply could not list each occurrence in the Park. Others were only noted once or twice. These are therefore reflected in the frequency of occurrence I gave each element in the list. I did not include elements deliberately planted or introduced in recent years. However, I did include naturalized old plantings and escapes.

For practical purposes, sites where each element was noted are generally abbreviated in the list. A list of abbreviations follows. As I was asked to focus on several areas in particular in the Nature Preserve, and the Park, those abbreviations appear more frequently in the list. These abbreviations represent areas in the Nature Preserve (Pike Marsh, Leatherleaf Bog, Upland Woods West of Leatherleaf Bog, Leatherleaf Bog Moat, Lake Defiance Boardwalk, and Marshes Northwest of Lake Defiance) and areas of current or previous restoration work (Sedge Meadow South of River Road, Marsh North of Hickory Ridge parking lot, Upland Woods near Whitetail Trail Junction), as well as an area of special interest (Floating Mat and Fen on Southeast portion of Lake Defiance.)

Abbreviations are as follows:

WJ: Whitetail Trail Junction  
HR: Hickory Ridge  
McD: McHenry Dam  
KM Woods: mostly disturbed upland and mesic woods on West edge of preserve  
PH: Pine Hills  
LD: Lake Defiance  
NL woods: Woods bordering the northernmost lakes in the Park  
WP: Whitetail Prairie  
PM: Pike Marsh  
NW: Areas bordering Northern Woods parking and picnic areas  
FM: Floating mat on SE shore of Lake Defiance, and nearby Fen  
PH: Pine Hills  
OR: Opossum Run  
SMRA: Sedge Meadow Restoration Area south of River Road  
LB: Leatherleaf Bog  
KW: Kettle Woods  
BTM: Black Tern Marsh

August 1, 1997

Moraine Hills State Park

-	<u>Abutilon theophrasti</u>	Velvetleaf, Butterprint	MALVACEAE	FACU-
	WJ trail 7-11-97. Disturbed trailsides. Occasional.			
0	<u>Acalypha rhomboidea</u>	Three-seeded mercury	EUPHORBIACEAE	FACU
	Disturbed ground near office, 7-30-97. Disturbed areas. Infrequent.			
0	<u>Acer negundo</u>	Box elder	ACERACEAE	FACW-
	HR 5-8-97, KM woods 5-28-97. Disturbed mesic woods, edges, trailsides, marsh edges. Abundant.			
0	<u>Acer saccharinum</u>	Silver maple	ACERACEAE	FACW
	HR 5-8-97, LB moat edge 7-5-97. Disturbed and lower slope mesic woods. Frequent.			
3	<u>Acer saccharum</u>	Sugar maple	ACERACEAE	FACU
	HR 5-8-97. McD floodplain 5-21-97. Floodplain and mesic woods. Common.			
-	<u>Achillea millefolium</u>	Yarrow, Milfoil	COMPOSITAE	FACU
	HR 5-8-97, KM woods 5-28-97. Disturbed areas, old fields, trailsides, upland woods. Common.			
10	<u>Actaea rubra</u>	Red baneberry	RANUNCULACEAE	[FACU]
	PH mesic woods 5-29-97, PM woods 7-12-97. Mesic woods. Infrequent.			
2	<u>Agrimonia gryposepala</u>	Tall agrimony	ROSACEAE	FACU+
	HR 5-9-97, KM woods 5-28-97. Disturbed woods, edges. Common.			
5	<u>Agrimonia pubescens</u>	Soft agrimony	ROSACEAE	UPL
	WJ Woods 5-9-97, KM woods 5-28-97. Upland woods, edges. Occasional.			
-	<u>Agropyron repens</u>	Quack grass	GRAMINEAE	FACU
	Roadside near office 6-15-97. Disturbed open dry ground. Abundant.			
-	<u>Agrostis alba</u>	Redtop grass	GRAMINEAE	FACU
	LD trail near office 7-13-97. Trailsides, old fields. Abundant.			
4	<u>Alisma subcordatum</u>	Common water plantain	ALISMACEAE	OBL
	McD 5-14-97, LD boardwalk near parking lot, 7-13-97.			
-	<u>Alliaria petiolata</u>	Garlic mustard	CRUCIFERAE	FAC
	NL woods 4-24-97. Disturbed woods. Common.			
-	<u>Allium cepa</u>	(Domestic) onion	LILIACEAE	UPL
	Spontaneous near WP parking entrance. Old field. Rare.			
7	<u>Allium cernuum</u>	Nodding wild onion	LILIACEAE	[FAC-]
	WJ woods, 5-9-97, KM woods 5-28-97. Mesic slopes, upland woods, moist old fields. Frequent.			
0	<u>Ambrosia artemisiifolia elatior</u>	Common ragweed	COMPOSITAE	FACU
	KM woods, 5-28-97. Disturbed areas, trailsides, open woods, old fields. Abundant.			
0	<u>Ambrosia trifida</u>	Giant ragweed	COMPOSITAE	FAC+
	WJ trailside, 7-4-97. Moist open and disturbed areas. Common.			
4	<u>Aphicarpa bracteata</u>	Upland hog peanut	LEGUMINOSAE	FAC
	WJ woods 6-13-97, KM woods 7-5-97, PM woods hill edge 6-8-97. Thickets, open woods. Infrequent.			
5	<u>Aphicarpa bracteata comosa</u>	Lowland hog peanut	LEGUMINOSAE	[FACW]
	Trail W of LD 6-20-97. Thicket adjacent to marsh. Infrequent.			
4	<u>Anemone canadensis</u>	Meadow anemone	RANUNCULACEAE	FACW
	McD marsh pond 5-14-97, McD sand pond 5-21-97. Open moist meadows. Occasional.			
6	<u>Anemone cylindrica</u>	Thimbleweed	RANUNCULACEAE	UPL
	WJ woods 5-29-97, KM woods 5-28-97. Upland woods, upland edges. Occasional.			

August 1, 1997

Moraine Hills State Park

5	<u>Anemone virginiana</u>	Tall anemone, Thimbleweed	RANUNCULACEAE	UPL
	PM woods, 7-12-97, KM woods 5-28-97. Mesic and upland woods. Frequent.			
7	<u>Anemonella thalictroides</u>	Rue anemone	RANUNCULACEAE	UPL
	HR woods 5-8-97, NL woods 4-24-97. Mesic woods. Occasional.			
7	<u>Angelica atropurpurea</u>	Great angelica	UMBELLIFERAE	OBL
	HR marsh 5-15-97. Occasional.			
4	<u>Antennaria neglecta</u>	Cat's foot	COMPOSITAE	UPL
	WJ, 5-9-97. Dry fields/open upland woods. Infrequent.			
3	<u>Antennaria plantaginifolia</u>	Pussy toes, Everlasting	COMPOSITAE	UPL
	WJ Woods, 5-9-97, HR woods 5-8-97, KM woods 5-28-97. Upland woods, edges, old fields. Occasional.			
-	<u>Anthesis cotula</u>	Dog fennel	COMPOSITAE	FACU
	Trailside near KM woods 7-5-97. Trailsides, disturbed dry ground. Infrequent.			
7	<u>Apios americana</u>	Ground nut	LEGUMINOSAE	FACW
	LD marsh edges 7-20-97, PM sedge meadow edge 7-10-97, HR marsh 7-31-97. Marsh edges. Occasional.			
5	<u>Apocynum androsaefolium</u>	Spreading dogbane	APOCYNACEAE	UPL
	OR 6 26-97. Mesic woods. Rare.			
2	<u>Apocynum sibiricum</u>	Prairie Indian hemp, dogbane	APOCYNACEAE	FAC+
	WJ woods 6-12-97. Disturbed open upland woods. Infrequent.			
6	<u>Aquilegia canadensis</u>	Wild columbine	RANUNCULACEAE	FAC-
	PH woods 5-15-97, OR woods 6-26-97, KM woods 5-28-97. Mesic woods. Infrequent.			
5	<u>Arabis laevigata</u>	Smooth bank cress	CRUCIFERAE	UPL
	Middle trail 7-20-97. On cut bank. Uncommon.			
-	<u>Arctium minus</u>	Common burdock	COMPOSITAE	UPL
	KM woods 5-28-97. Disturbed areas, trailsides. Occasional.			
10	<u>Arenaria stricta</u>	Stiff sandwort	CARYOPHYLLACEAE	UPL
	KM woods 5-28-97. Upland rocky woods. Rare.			
9	<u>Asclepias exaltata</u>	Poke milkweed	ASCLEPIADACEAE	UPL
	OR woods 6-26-97. Mesic woods. Rare.			
4	<u>Asclepias incarnata</u>	Swamp milkweed	ASCLEPIADACEAE	OBL
	PM 6-13-97, SMRA 5-30-97, PM 7-4-97. Marshes, open wet areas. Frequent.			
0	<u>Asclepias syriaca</u>	Common milkweed	ASCLEPIADACEAE	UPL
	Roadside near office 6-26-97. Disturbed open areas, trails, roadsides. Common.			
1	<u>Asclepias verticillata</u>	Whorled milkweed	ASCLEPIADACEAE	UPL
	KM woods 7-5-97, WJ woods 6-12-97, PM woods 7-12-97. Open disturbed areas. Common.			
-	<u>Asparagus officinalis</u>	Asparagus	LILIACEAE	FACU
	KM woods 5-28-97. Disturbed areas, trailsides. Infrequent.			
4	<u>Asplenium platyneuron</u>	Ebony spleenwort fern	POLYPODIACEAE	FACU
	WJ woods 6-12-97. Dry open wooded slope. Rare.			
10	<u>Aster borealis (A. junciformis)</u>	Rush aster	COMPOSITAE	OBL
	FX 7-4-97. Pen. Uncommon.			

August 1, 1997

Moraine Hills State Park

4	<u>Aster novae-angliae</u>	New England aster	COMPOSITAE	FACW
	SMRA 7-11-97. Sedge meadows, marshes, ditches. Occasional.			
0	<u>Aster pilosus</u>	Hairy aster	COMPOSITAE	FACU+
	Roadside near KW 7-6-97. Disturbed dry areas, trailsides, roadsides. Common.			
8	<u>Aster puniceus</u>	Bristly aster	COMPOSITAE	OBL
	HR marsh 7-31-97, LB 7-5-97, SMRA 7-11-97, FM 7-54-97, PM 6-25-97. Sedge mead, marshes. Frequent.			
7	<u>Aster puniceus firmus</u>	Shining aster	COMPOSITAE	OBL
	HR marsh 7-31-97. Marsh. Infrequent.			
2	<u>Aster sagitifolius drummondii</u>	Drummond's aster	COMPOSITAE	[FACU]
	PM woods edge 7-12-97. Open mesic woods, edges. Frequent.			
3	<u>Aster simplex</u>	Panicled aster	COMPOSITAE	OBL
	Sedge meadow W of KW 5-29-97, marsh edge KM woods 7-5-97. Marshes, sedge meadows. Occasional.			
-	<u>Atriplex patula</u>	Common orach	CHENOPODIACEAE	FACW-
	Near OR parking 6-25-97. Disturbed open ground. Uncommon.			
8	<u>Athyrium felix-femina nichauxii</u>	Lady fern	POLYPODIACEAE	FAC
	PH lower mesic woods on slope, 5-29-97, OR woods 6-22-97. Mesic woods. Uncommon.			
8	<u>Aureolaria grandiflora pulchra</u>	Yellow false foxglove	SCROPHULARIACEAE	UPL
	HR woods, 5-8-97, KM woods 7-5-97. Mesic woods. Uncommon.			
-	<u>Barbarea vulgaris</u>	Yellow rocket, Winter cress	CRUCIFERAE	FAC
	WJ trailside, 5-9-97. Disturbed areas. Common.			
-	<u>Berberis thunbergii</u>	Japanese barberry	BERBERIDACEAE	FACU-
	PH woods 5-29-97, OR woods 6-26-97, KM woods 5-28-97. Disturbed woods. Infrequent.			
-	<u>Berteroa incana</u>	Hoary alyssum	CRUCIFERAE	UPL
	Weedy old field by WP parking entrance 6-12-97. Old field, disturbed areas, trails. Occasional.			
10	<u>Betula pumila</u>	Dwarf birch	BETULACEAE	OBL
	SMRA 5-30-97, FM 7-11-97. Marshes, fen, sedge meadows. Occasional.			
9	<u>Bidens coronata</u>	Tall swamp marigold	COMPOSITAE	OBL
	SMRA 7-11-97, LB 7-23-97, HR marsh 7-31-97. Sedge meadow, marshes. Occasional.			
1	<u>Bidens frondosa</u>	Common beggar's ticks	COMPOSITAE	FACW
	Trail W of LD 7-20-97, HR marsh 7-31-97. Moist trailside. Occasional.			
8	<u>Blephilia hirsuta</u>	Wood mint	LABIATAE	FACU-
	WJ Woods, 5-9-97. Upland dry woods. Uncommon.			
2	<u>Boehmeria cylindrica</u>	False nettle	URTICACEAE	OBL
	FM 7-4-97, KM woods 7-5-97. Fen, bog edge, mesic woods. Occasional.			
5	<u>Boehmeria cylindrica drummondiana</u>	Rough false nettle	URTICACEAE	[OBL]
	FM 7-10-97. Fen. Uncommon.			
6	<u>Botrychium virginianum</u>	Rattlesnake fern	OPHIOGLOSSACEAE	FACU
	HR 5-8-97, McD woods edge 5-21-97, WJ woods 5-15-97, KM woods 7-5-97. Mesic woods. Infrequent.			
-	<u>Brassica kaber</u>	Charlock	CRUCIFERAE	UPL
	WJ trailside 6-12-97. Disturbed areas, trailsides, old field. Occasional.			
10	<u>Bromus ciliatus</u>	Fringed brone	GRAMINEAE	[OBL]
	FM 7-4-97. Fen, marsh. Uncommon.			
-	<u>Bromus inernis</u>	Hungarian or smooth brone	GRAMINEAE	UPL
	Disturbed areas, trailsies, roadsides. Very common. Old field near LD 7-13-97.			
-	<u>Bromus tectorum</u>	Downy brone	GRAMINEAE	UPL
	Dry field near McD 5-21-97, old field near LD parking 7-13-97. Dry old field. Occasional.			

August 1, 1997 Moraine Hills State Park

3	<u>Calamagrostis canadensis</u>	Blue joint grass	GRAMINEAE	OBL
	SMRA 5-30-97, FM 6-13-97, LB edge 7-5-97, HR Marsh 7-31-97. Marshes, sedge meadows. Common.			
5	<u>Caltha palustris</u>	Marsh marigold	RANUNCULACEAE	OBL
	HR marsh 5-15-97, Office marsh 6-4-97, FM 6-13-97. Fens, marshes. Frequent.			
8	<u>Campanula aparinooides</u>	Marsh bellflower	CAMPANULACEAE	OBL
	SMRA 5-30-97, PM 7-12-97, FM 7-4-97, HR Marsh 7-31-97. Marshes, sedge meadows. Infrequent.			
-	<u>Capsella bursa-pastoris</u>	Shepherd's purse	CRUCIFERAE	FAC-
	HR 5-8-97, KM woods 5-28-97. Disturbed open areas, trailsides. Common.			
6	<u>Cardamine bulbosa</u>	Bulbous spring cress	CRUCIFERAE	OBL
	McD marsh pond edge 5-14-97, FM 6-13-97, HR Marsh 7-31-97. Low calc. moist areas, fen. Occasional.			
4	<u>Cardamine pennsylvanica</u>	Pennsylvania bitter cress	CRUCIFERAE	FACW+
	McD swampy woods 5-14-97. Wet woods, sedge meadows, calc. marshes. Occasional.			
-	<u>Carduus nutans</u>	Nodding (musk) thistle	COMPOSITAE	UPL
	PM woods edge 6-25-97, WJ trail 7-4-97. Disturbed open ground, trailsides. Common.			
5	<u>Carex aquatilis altior</u>	Long-bracted tussock sedge	CYPERACEAE	OBL
	PM 7-12-97, LD boardwalk 6-15-97. Calc. marshes. Occasional.			
5	<u>Carex atherodes</u>	Hairy-leaved lake sedge	CYPERACEAE	OBL
	LB moat edge 6-18-97. Marsh edge. Uncommon.			
1	<u>Carex blanda</u>	Common wood sedge	CYPERACEAE	FAC
	HR 5-8-97. Mesic woods, edges. Common.			
3	<u>Carex cephalophora</u>	Short-headed bracted sedge	CYPERACEAE	FACU
	KM woods 5-28-97. Upland and mesic woods, edges. Common.			
5	<u>Carex comosa</u>	Bristly (bottlebrush) sedge	CYPERACEAE	OBL
	LD boardwalk 7-13-97, LB moat edge 6-18-97, PM 7-12-97. Marshes, pond edges. Occasional.			
4	<u>Carex cristatella</u>	Crested oval sedge	CYPERACEAE	FACW+
	FM 6-13-97. Disturbed wet areas, marshes. Occasional.			
10	<u>Carex diandra</u>	Bog panicled sedge	CYPERACEAE	OBL
	PM 6-27-97. Calc. marshes. Infrequent.			
5	<u>Carex hystericina</u>	Porcupine sedge	CYPERACEAE	OBL
	SMRA 5-30-97, FM 7-4-97			
6	<u>Carex lacustris</u>	Common lake sedge	CYPERACEAE	OBL
	Northwest LD marshes 4-24-97, PM 7-12-97. Marshes. Occasional.			
10	<u>Carex lasiocarpa americana</u>	Narrow-leaved woolly sedge	CYPERACEAE	OBL
	PM 6-13-97, LB edge 7-5-97, LB 7-22-97. Calc. marsh, bog. Infrequent.			
10	<u>Carex oligosperma</u>	Few-flowered sedge	CYPERACEAE	OBL
	LB 7-22-97. Bog. Infrequent.			
5	<u>Carex pennsylvanica</u>	Common oak (Penn.) sedge	CYPERACEAE	UPL
	WJ Woods, 5-9-97, NL Woods, 4-24-97, KM woods 5-28-97. Upland woods, savannas. Frequent.			
10	<u>Carex prairiea</u>	Fen panicled sedge	CYPERACEAE	[OBL]
	PM 6-27-97. Cacl. marsh. Infrequent.			

August 1, 1997 Moraine Hills State Park

4	<u>Carex rosea</u>	Curly-styled wood sedge	CYPERACEAE	UPL
	HR 5-8-97. Mesic woods. Frequent.			
6	<u>Carex sartwellii</u>	Running marsh sedge	CYPERACEAE	[OBL]
	SMRA 5-30-97, PM 6-13-97, PM 6-27-97, NW LD marshes 6-15-97. Calc. meadows, marshes, fens. Common.			
8	<u>Carex suberecta</u>	Wedge-fruited oval sedge	CYPERACEAE	OBL
	FM 7-10-97. Fen, floating mat. Uncommon.			
10	<u>Carex sterilis</u>	Fen star sedge	CYPERACEAE	OBL
	FM 6-13-97, SMRA 7-11-97. Calc. sedge meadows, fen. Occasional.			
3	<u>Carex stipata</u>	Common fox sedge	CYPERACEAE	OBL
	KN woods edge 5-28-97, LB moat edge 6-18-97. Moist disturbed areas, sedge meadows, marsh. Frequent.			
5	<u>Carex stricta</u>	Common tussock sedge	CYPERACEAE	OBL
	SMRA 5-30-97, FM 6-13-97, PM 6-19-97, HR Marsh 7-31-97. Marsh, sedge meadow, fen. Common.			
8	<u>Carex tenera</u>	Narrow-leaves oval sedge	CYPERACEAE	[FACU-
	Low woods near PM 6-8-97. Low moist woods. Infrequent.			
9	<u>Carex tetanica</u>	Common stiff sedge	CYPERACEAE	FACU
	SMRA 5-30-97, FM 6-13-97. Sedge meadows, fens. Occasional.			
2	<u>Carex vulpinoidea</u>	Brown fox sedge	CYPERACEAE	OBL
	Sedge meadow edge of FM 7-4-97, NL parking pond 7-13-97. Disturbed moist areas. Occasional.			
5	<u>Carya ovata</u>	Shagbark hickory	JUGLANCEAE	FACU
	NL woods 4-24-97, WJ woods 5-4-97. Upland woods. Frequent.			
-	<u>Catalpa speciosa</u>	Hardy catalpa	BIGNONIACEAE	FACU
	Trail corner E of office 5-4-97. Fencerow, woods edge. Uncommon.			
6	<u>Ceanothus americanus</u>	New Jersey tea	RHAMNACEAE	UPL
	KN woods 5-28-97. Open upland woods. Uncommon.			
-	<u>Celastrus orbiculatus</u>	Oriental bittersweet	CELASTRACEAE	UPL
	OR woods 6-26-97, KN woods 7-5-97. Disturbed woods. Infrequent.			
3	<u>Celtis occidentalis</u>	Hackberry	ULMACEAE	FAC-
	KW 4-24-97, HR woods 7-31-97. Mesic woods and edge. Occasional.			
0	<u>Cerastium nutans</u>	Nodding chickweed	CARYOPHYLLACEAE	FACU+
	McD trailside near swampy woods 5-14-97. Moist disturbed areas, trailsides. Uncommon.			
-	<u>Cerastium vulgatum</u>	Mouse-eared chickweed	CARYOPHYLLACEAE	FACU
	HR 5-8-97, KN woods 5-28-97. Disturbed woods, picnic areas, trailsides. Abundant.			
5	<u>Ceratophyllum demersum</u>	Hornwort, Coontail	CERATOPHYLLACEAE	OBL
	LD bdwalk 4-24-97, BTM outlet 5-21-97, LB moat 6-18-97, HR Marsh outlet 7-31-97. Aquatic. Frequent.			
10	<u>Chamaedaphne calyculata angustifolia</u>	Leatherleaf	ERICACEAE	OBL
	LB 7-22-97. Bog. Uncommon.			
-	<u>Chrysanthemum leucanthemum pinnatifidum</u>	Ox-eye daisy	COMPOSITAE	UPL
	Roadside near office 6-26-97. Disturbed open ground, roadside. Occasional.			
-	<u>Cichorium intybus</u>	Chicory	COMPOSITAE	UPL
	PM parking 6-25-97, LD parking 7-13-97. Roadsides, disturbed ground. Occasional.			
8	<u>Cicuta bulbifera</u>	Bulb-bearing water hemlock	UMBELLIFERAE	OBL
	SNRA 5-30-97, PM 7-12-97, LD bdwalk 6-15-97, LB moat 6-18-97, HR Marsh 7-31-97. Marshes, sedge mead. Common.			
1	<u>Circaea lutetiana canadensis</u>	Enchanter's Nightshade	ONAGRACEAE	FACU
	KW 5-29-97, KN woods 5-28-97. Disturbed woods. Common.			
-	<u>Cirsium arvense</u>	Field (Canada) thistle	COMPOSITAE	UPL
	KN woods 5-28-97. Disturbed areas, trailsides, old field, roadsides. Common.			
10	<u>Cirsium muticum</u>	Swamp (fen) thistle	COMPOSITAE	OBL
	SMRA 5-30-97, PM 6-13-97, HR Marsh 7-31-97. Calc. marshes, fens, sedge meadows. Occasional.			
-	<u>Cirsium vulgare</u>	Bull thistle	COMPOSITAE	UPL
	Grassy edge near PM woods 7-13-97. Disturbed ground, edges, old fields. Frequent.			

August 1, 1997 Moraine Hills State Park

7	<u>Conoandrea unbellata</u>	False (bastard) toadflax	SANTALACEAE	FACU
	WJ woods 6-13-97. Dry open woods. Uncommon.			
-	<u>Convallaria majalis</u>	Lily-of-the-valley	LILIACEAE	UPL
	KM woods 5-28-97. Disturbed woods. Uncommon.			
-	<u>Convolvulus arvensis</u>	Field bindweed	CONVOLVULACEAE	UPL
	Roadside near office 6-26-97. Disturbed dry open areas. Common.			
1	<u>Convolvulus sepium</u>	Hedge bindweed	CONVOLVULACEAE	FAC
	SMRA 5-30-97, LD boardwalk 7-13-97, HR Marsh 7-31-97. Moist open areas, marsh edges. Frequent.			
2	<u>Cornus drummondii</u>	Rough-leaved dogwood	CORNACEAE	FAC
	WJ trailside 6-12-97. Old field edge. Rare.			
6	<u>Cornus obliqua</u>	Pale (Blue-fruited) dogwood	CORNACEAE	FACW+
	LD bdwalk 7-13-97, LB moat edge 7-5-97, HR Marsh 7-31-97. Shrubby moist ground, edges, old flds. Common.			
1	<u>Cornus racemosa</u>	Gray dogwood	CORNACEAE	FACW-
	KM woods, 5-28-97. Disturbed woods, edges. Common.			
6	<u>Cornus stolonifera</u>	Red-osier dogwood	CORNACEAE	FACW
	KM woods 5-28-97, SMRA 5-30-97, NW LB marshes 6-15-97. Mesic woods, brushy edges, shrub-carr. Common.			
2	<u>Crataegus crus-galli</u>	Cockspur hawthorn	ROSACEAE	FAC
	Entrance parking lot, 5-28-97. Disturbed woods, fencerow, edge. Frequent.			
5	<u>Crataegus flabellata</u>	Large-seeded hawthorn	ROSACEAE	UPL
	KW woods, 5-8-97. Disturbed upland woods, edge. Infrequent.			
4	<u>Cuscuta gronovii</u>	Common dodder	CONVOLVULACEAE	[OBL]
	HR marsh 7-31-97. Marsh. Infrequent.			
-	<u>Dactylis glomerata</u>	Orchard grass	GRAMINEAE	FACU
	KM woods, 5-28-97. Disturbed open areas, trailsides. Common.			
-	<u>Daucus carota</u>	Queen Anne's lace	UMBELLIFERAE	UPL
	KM woods 5-28-97. Disturbed open areas, trailsides, old field. Common.			
8	<u>Decodon verticillatus</u>	Swamp loosestrife	LYTHRACEAE	OBL
	Edge of FM 7-4-97, HR Marsh 7-31-97, PM 7-12-97. Floating mat, shallow water edge. Uncommon.			
5	<u>Dentaria laciniata</u>	Toothwort, Pepper root	CRUCIFERAE	FAC
