Re: Office Relocation

This is a reminder to the mining industry of the change of address for the Office of Mines and Minerals, Land Reclamation Division's Springfield office.

The relocation to our new facility at One Natural Resource Way took place just over a year ago. Please ensure your office has the correct address for our new facility on file, to ensure a timely receipt of all mail. Mail will no longer be forwarded by the U. S. Post Office.

Our new mailing address is:

Illinois Department of Natural Resources  
Office of Mine and Minerals  
Land Reclamation Division  
One Natural Resources Way
