LAND RECLAMATION MEMORANDUM NO. 92-6

To: Recipients of Illinois' Permanent Program Regulations

From: Fred K. Bowman, Supervisor
Land Reclamation Division *FB*

Date: May 11, 1992

RE: Correction to Published Regulation Booklet

The updated printing of the small regulation booklets mailed on January 28, 1992 under Land Reclamation Memorandum 92-1, omitted 62 Ill. Adm. Code 1817.116 (a)(2)(E) which addresses rill and gully repair on non-cropland capable land. An updated page will be provided at the next printing of the regulations. Users of the regulations are referred to 62 Ill. Adm. Code 1816.116 (a)(2)(E) which is the identical surface mining counterpart regulation.

These regulations became effective January 1, 1992.

Feel free to contact any Department representative if you have any questions on this matter.
