RE: Annual Underground Workings Map  
62 Ill. Adm. Code 1817.121(g)

The Department wishes to remind all underground coal mine operators that underground workings maps required by 62 Ill. Adm. Code 1817.121(g) must be submitted by April 1, 1993. This map should be continuous by maintaining, defining, and labeling each successive year. Please be advised that this map should clearly define and label 1988 through 1992 mining and 1993 mining projections. Following review of these maps, the Department will contact you if any changes are needed.

If you have any questions, please contact Dan Barkley at 217-782-4970.
