PUBLIC NOTICE

**EXCAVATION AND RIPRAP IN THE KASKASKIA RIVER IN FAYETTE
COUNTY**

Notice is hereby given to all interested parties that the Illinois Department of Natural Resources, Office of Water Resources (IDNR/OWR) has received an application for permit from Illinois Department of Natural Resources, One Natural Resources Way, Springfield, Illinois 62702 to excavate and place riprap in the channel of the Kaskaskia River in Fayette County. A location map is provided on the second page of this notice.

The proposed project within the public water of the Kaskaskia River is part of an overall project to armor adjacent levee sections. The work includes excavation and placement of riprap. A majority of the proposed riprap within the river channel will be placed within the limits of the proposed excavation. The proposed work is along the right-descending bank and occurs in three different river reaches. The work at the westernmost reach is approximately 750 ft. in length, the middle reach is approximately 300 ft. in length, and the easternmost reach is approximately 260 ft. in length.

Inquiries may be directed to Jesse Tinch at 217/782-4545. All interested parties are invited to submit written statements regarding the proposed work to the IDNR/Office of Water Resources, One Natural Resources Way, Springfield, Illinois 62702 by **February 11, 2025**.
